REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Per the applicable Texas fee schedule the correct allowable would be per the DRG 556. The allowable for this DRG per Medicare is \$4058.60, we have also attached the print out for your review from the Medicare pricer program. The correct allowable would be at 143% making the allowable at \$5803.80"

Amount in Dispute: \$5803.80

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The preauthorization letter sent to the surgeon, claimant and hospital states "the 3 day inpatient stay would be reasonable to account for any possible complication post-operatively..." there was no preauthorization requested or given for a pre-operative admission. As documentation was not submitted as requested or available per the hospital response to support the reason for the overnight admission this inpatient admission is not supported for payment."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 amended to be effective May 31, 2012, 37 *Texas Register* 3833, applicable to medical fee dispute resolution requests filed on or after June 1, 2012, sets out the procedures for resolving a medical fee dispute.
2. 28 Texas Administrative Code §134.404 sets out the guidelines for reimbursement of hospital facility fees for inpatient services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
Explanation of benefits
 - X588 – Admission and discharge summary required to review hospital bill for reconsideration. Please

- submit appeal with EOP and requested information.
- Z652 – Recommendation of payment has been based on a procedure code which best describes services rendered.
- 1 Please resubmit with a valid DRG Code. For reconsideration please submit appeal with EOP and billing form with valid DRG code
- 2 – Recommendation of payment has been based on procedure code which best describe services rendered.

Issues

1. Were the disputed services subject to a specific fee schedule set in a contract between the parties that complies with the requirements of Labor Code §413.011?
2. Which reimbursement calculation applies to the services in dispute?
3. What is the maximum allowable reimbursement for the services in dispute?
4. Is the requestor entitled to additional reimbursement for the disputed services?

Findings

1. 28 Texas Administrative Code §134.404(e) states that: “Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be:
 - (1) the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or
 - (2) if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables.”

No documentation was found to support the existence of a contractual agreement between the parties to this dispute; therefore the MAR can be established under §134.404(f).

2. §134.404(f) states that “The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.
 - (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
 - (A) 143 percent; unless
 - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent.”

No documentation was found to support that the facility requested separate reimbursement for implantables; for that reason the MAR is calculated according to §134.404(f)(1)(A).

3. §134.404(f)(1)(A) establishes MAR by multiplying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors (including outliers) by 143%. Information regarding the calculation of Medicare IPPS payment rates may be found at <http://www.cms.gov>. Documentation found supports that the DRG assigned to the services in dispute is 556, and that the services were provided at SHANNON MEDICAL CENTER. Consideration of the DRG, location of the services, and bill-specific information results in a total Medicare facility specific allowable amount of \$4,058.60. This amount multiplied by 143% results in a MAR of \$5,803.80.
4. The total allowable reimbursement for the services in dispute is \$5,803.80. This amount less the amount previously paid by the insurance carrier of \$0.00 leaves an amount due to the requestor of \$5,803.80. This amount is recommended.

Conclusion

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to

additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$5,803.80 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
